

Divvy a Year in Review 2023

In **2023**, Divvy continued to serve as a vital part of urban mobility in Chicago, with riders taking a total of **4,331,707 trips** throughout the year. Of these trips, **60% were made by annual members**, highlighting the program's strong base of regular users. The data from this year underscores the importance of bike-sharing as both a transportation alternative and a recreational activity for city residents and visitors alike.
